

THE ULTIMATE IN WALK BEHINDS

PB70 SELF PROPELLED VACUUM SWEEPER

conquest
POWER SWEEPERS

This top of the line, Conquest walk behind vacuum sweeper covers medium to large areas and congested spaces where a ride-on is not feasible.

Is there a difference? Absolutely! All steel chassis, covers and waste hopper are just some examples of the quality and robustness built into every Conquest sweeper.

FEATURES

- Proven "GX" Honda engine powers the class leading walk behind vacuum sweeper.
- Large heavy duty deep cycle batteries are the power source behind the PB70ET, allowing long periods of uninterrupted use.
- Operator friendly controls including an electric filter cleaner, main broom adjustment and battery level indicator.
- With the same capacity as a small ride-on the PB70 is a very cost effective option for medium sized areas.
- Self propelled and cleverly designed makes the big sweeper a pleasure to use.

SPECIFICATIONS	PB70SH	PB70ET
Sweep width without side brush (mm)	700	700
Sweep width with side brush (mm)	880	880
Theoretical sweeping performance (m ² /hr)	3800	3800
Waste hopper capacity (Lt)	50	50
Petrol engine power (Honda) (HP)	4	-
Electric motor power (W)	-	600
Panel filter surface area (m ²)	3.5	3.5
Battery (a/hr)	-	2 x 240
Weight (without batteries) (kg)	116	105
Dimensions (L x W x H) (mm)	1390 x 880 x 980	1390 x 880 x 980
