

SM900

with Twin Roller System (TRS)

Power supply	Battery 12V
Sweeping system	TRS
Sweeping path without side broom (mm)	500
Sweeping path with two side brooms (mm)	900
Power transmission	Chain drive
Automatic main broom drive	Yes
Suction system	Yes
Suction airflow (m ³ /hr)	200
Hopper capacity (L)	50
Filter cleaning mechanism	Mechanical
Maximum sweeping performance (m ² /h)	3150
Running time (hrs)	2
Dimensions L x W x H (mm)	1091 x 760 x 416
Weight including battery (Kg)	46
Warranty	1 year excluding consumables
Features & Benefits	<ul style="list-style-type: none"> • Twin Roller System [TRS] ensuring highly efficient collection of rubbish • All brushes are made of long lasting polyamid. This is very tough & will also revert back to its straight position if bent or stressed whilst being stored • High performance suction system for reduced dust discharge into your working environment • Smooth-running, making it great for use on carpets • Chain driven, ensuring no belt slippage, and minimal maintenance • Can get into very tight areas – less broom sweeping required • Charger onboard, this means sweeper can be charged anywhere from a standard powerpoint • Main structure is made of impact-resistant polyethylene for extending life • Access to the working parts is extremely easy making maintenance a breeze • Very maneuverable and silent making this sweeper exceptionally user-friendly
